

Transitioning Youth Parent Support Group 2017 Schedule

The Arc of Frederick County is hosting a support group for parents of high school students with developmental disabilities, their family members and natural supports.

The group focuses on educational support, connecting students to work and other adult resources, meeting deadlines to access benefits, and brainstorming, sharing, and expanding parent knowledge of what is offered during and after high school for students with developmental disabilities. The final years of high school are critical to securing supports that will help transitioning youth students for the rest of their lives. During the parent meetings, students can participate in a variety of social activities.

This group meets at:
