

School Inclusion Events

A Partnership Between The Arc of Frederick County and Frederick County Public Schools

We offer creative solutions to help children with developmental disabilities be meaningfully included in all activities

- Discuss what a developmental disability is, and how it can affect someone.
- Promote the mindset that everyone should have the opportunity to be included in all aspects of their community.
- Discussion about what is important in friendships.
- Hands-on activities to help develop an understanding of what it might feel like to have a developmental disability.
